

We have heard that there is a plan to take away our KLOVE. Please don't do this. My wife and I listen to it regularly in our home, in our cars, and where we work. My daughter and her husband are regular listeners as well. Compared with what the public is bombarded with on television and other radio stations it is our sanctuary. It is the only place you can go to hear God's Word 24/7.

If you would ever listen to their fund drive you would know that it is having a positive impact all over the United States. KLOVE is able to reach people that might never step inside a church. My family and I will all be praying that you realize how important this is to us and not take away something that is so important to our lives. Thank you for reading our comments. God bless you.
